32 I, JOSEPH M. GAGLIARDI, being duly sworn, deposes and states the
33 following:

34 ///

1 1. I am the President of Plaintiff, J & J SPORTS PRODUCTIONS, INC.,
2 and as such I am fully familiar with the facts, circumstances, and proceedings
3 heretofore had herein.

4 2. I make this affidavit in support of Plaintiff's request to recover statutory
5 damages, plus attorneys' fees, investigative costs, and interest in the within request for
6 judgment by default.

7 3. Our company J & J Sports Productions, Inc., is a closed-circuit distributor
8 of sports and entertainment programming. Our company purchased and retains the
9 commercial exhibition licensing rights to the *Manny Pacquiao v. Timothy Bradley*,
10 *WBO Welterweight Championship Fight Program* (hereinafter "Program") which was
11 broadcast on Saturday, June 9, 2012. Our company thereafter marketed the sub-
12 licensing (commercial exhibition) rights in the Program to our company's commercial
13 customers (i.e., casinos, racetracks, bars, restaurants, and nightclubs).

14 4. Simultaneously with the advent of pay-per-view programming, we began
15 to experience a serious erosion in the sales of our own proprietary programming to our
16 commercial customers throughout the United States of America. To protect ourselves,
17 we endeavored to find out what was the basis for the erosion and determined from our
18 customers that the cause of the erosion of our customer base was the rampant piracy of
19 our broadcasts by unauthorized and unlicensed establishments (signal pirates).

20 5. In response, we embarked upon a nationwide program to police our
21 signals for the purpose of identifying and prosecuting commercial establishments
22 which pirate our programming (including the *Manny Pacquiao v. Timothy Bradley*,
23 *WBO Welterweight Championship Fight Program*, the subject program involved in
24 this lawsuit).

25 6. Specifically, J & J Sports Productions, Inc., retained, at considerable
26
27
28

1 expense, auditors and law enforcement personnel to detect and identify signal pirates.
2 To ensure that only illegal locations were visited by the auditors, our company
3 compiled our confidential list of customers (authorized and legal locations) who paid
4 the required license fee to broadcast the Program, and this list was distributed to
5 participating auditing and law enforcement agencies in strict confidence.
6

7 7. The above-referenced *Program* contained several televised under-card
8 bouts, and color commentary, along with the main event prizefight between Manny
9 Pacquiao and Timothy Bradley. As set forth within the sworn Affidavit of Darren
10 Shelby, it was Bradley highlights of prior events that was observed by Mr. Shelby as
11 being *unlawfully* exhibited by the establishment doing business as "Mansion Allure"
12 on June 9, 2012. As at no time did this establishment ever lawfully license the
13 Program from our company for such a purpose.

14 8. Domestic commercial establishments, which contract with us, were
15 required to pay to my company a commercial sublicense fee to broadcast the *Program*.
16 This sublicense fee for the *Program* was based on the capacity of the establishment
17 and varies for each event. For example, for this particular event, if a commercial
18 establishment had a maximum fire code occupancy of 150 persons, the commercial
19 sublicense fee would have been \$4,200.00 (Please see Exhibit 1 attached hereto and
20 made part hereof).
21

22 9. It is essential that I communicate to the Court that to the best of my
23 knowledge our programming is *not* and cannot be mistakenly, innocently or
24 accidentally intercepted. Some methods that a signal pirate can unlawfully intercept
25 and broadcast our programming are as follows without limitation:
26

27 A. The use of a "blackbox", "hotbox", or "pancake box" which is
28 purchased for a fee and when installed on a cable TV line will

1 allow for the descrambled reception of a pay-per-view broadcast,
2 or

- 3 B. The use of a "smartcard" or "test card" or "programming card"
4 which is purchased for a fee and when installed on a DSS satellite
5 receiver line will allow for the descrambled reception of a pay-per-
6 view broadcast, or
- 7 C. The purposeful misrepresentation of a commercial establishment as
8 a residential property to allow the fraudulent purchase of a pay-per-
9 view (or prohibited) programming at the residential rate, or
- 10 D. The use of illegal cable drop or splice from an apartment or home
11 adjacent to the commercial establishment premises (which would
12 purchase the broadcast at a residential price and divert the program
13 to the commercial establishment), and/or
- 14 E. The purchase of other illegal unencryption devices, and the
15 purchase of illegal satellite authorization codes which are readily
16 available on the internet, in trade publications, and through "word
of mouth".

17 10. Turning these facts to the matter before the Court I have been advised by
18 counsel that the Court has wide discretion in the awarding of statutory damages for the
19 nefarious, illegal and debilitating activities of signal pirates which are injurious to our
20 company and our lawful customers.

21 11. It is respectfully submitted to this Honorable Court that the unchecked
22 activity of signal piracy not only has resulted in our company's loss of several millions
23 of dollars of revenue, but also has a detrimental effect upon lawful residential and
24 commercial customers of cable and satellite broadcasting whose costs of service are
25 increased significantly by these illegal activities, including the deprivation of tax
26 revenue to the communities where our potential customers reside, and the denial of
27
28

1 benefits such tax revenue would provide the residents of such communities.

2 12. We, at J & J Sports Productions, Inc., believe that the persistent signal
3 piracy of our programming costs our company, our customers, and their communities,
4 millions of dollars annually resulting in part, from the perceived lack of consequences
5 (including nominal or minimal damage awards by the Courts who hear our cases) for
6 such unlawful interception and exhibition by the commercial signal pirates.
7

8 13. For these reasons I ask this Honorable Court to grant the **maximum**
9 allowance for statutory damages due to the fact that such actions are *per se* intentional
10 and do not and cannot occur without the willful and intentional modification of
11 electronic equipment, the willful and fraudulent misrepresentation of a commercial
12 establishment as a residential one, the removal of cable traps or devices designed to
13 prevent such unauthorized exhibits, or other willful and/or international acts purposely
14 designed to obtain our programming unlawfully.
15

16 14. I am also troubled by the fact that the Courts have placed undue weight
17 upon whether the *promotion* of programming by the signal pirates (rather than the
18 *exhibition* of the programming itself) was done willfully and/or for commercial
19 benefit. I would ask the Court to recognize that the willful and purposeful acts
20 necessary to intercept and exhibit the programming precede whatever steps are, or are
21 not taken, by the pirate establishment to promote our programming to their customers.
22

23 15. I would also ask the Court to recognize that the pirates do not generally
24 advertise the fact that they intend to exhibit our programming unlawfully to the public
25 for the practical reason that they wish to avoid the unessential risk of detection. This
26 of course does not preclude the very real possibility fact that the unlawful exhibition
27 may well have been promoted by word of mouth or advertising that went undetected
28 by the auditors, to their own customers to increase their financial gain on the night our

1 fights are broadcast at their establishment.

2 16. In addition, it is extremely unlikely that a pirate establishment would
3 increase the costs of food or drink on the evening they broadcasting one of our
4 programs unlawfully. In my personal experience gained through many years in the
5 promotion industry, it is most uncommon that even our legal locations would employ
6 such a method to recover some of our commercial license fee back from their own
7 customers. I would point out however that since our auditors do not benchmark the
8 prices charged for food or drink at the pirate locations subsequent to conducting the
9 field surveillance on the evening our programming is broadcast, it is undetermined
10 whether the prices paid by an auditor at a pirate location on fight night are in fact less
11 than or equal to the normal prices charged by the pirate establishments.

13 17. In this instance, I would further request that the Court take notice that the
14 instant pirate establishment obtained a cover charge from its patrons to view our
15 company's program. As noted within the sworn affidavit of the auditor, payment of
16 the twenty dollar (\$20.00) cover charge being collected from customers was a
17 prerequisite for entry to the establishment while the exhibition of our programming
18 was taking place.

20 18. Clearly, this establishment with multiple television monitors, and a
21 physical location in a major metropolitan area, had no justification to steal our
22 programming and exhibit it for its own financial benefit, except to deny our company
23 the commercial license fee to which was rightfully entitled.

24 **WHEREFORE** I respectfully request that this Court grant our request for
25 enhanced statutory damages and our prayer for actual damages, plus our legal costs
26 along with the attorneys' fees counsel has requested, and that such amounts be
27 awarded against each of the defendants named in this action and in our favor.
28

Respectfully submitted,

Dated: August 14, 2014

JOSEPH M. GAGLIARDI President
J & J Sports Productions, Inc.
